

Date 27 November 2015

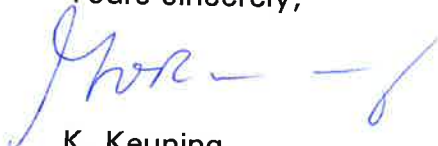

To whom it may concern,

Hereby we, Sanquin Division Reagents, declare that none of the marketed reagents contains any substance or preparation which requires a Safety Data Sheet (SDS) according to directive 1272/2008/EC.

The only exception is the Stop Buffer with reference number M1807, which is a component of M1551 PeliClass ELISA for human IgG subclass quantification.

The Safety Data Sheet for this product is available on request.

Yours sincerely,

K. Keuning
QA/QC Manager
