3. Composition/information on ingredients

Composition: Beef extract powder.

Hazardous ingredients:

Component	CAS-No.	EC-No.	Concentration	CLP Classification – 1272/2008/EC	Classification to – 67/548/EEC
No hazardous components	N/A	N/A	N/A	N/A	N/A

.

First-aid moasures

		4. First-alo measures
4.1	Description of First Aid m	neasures
	General advice:	Consult a physician. Show this safety data sheet to the doctor in attendance.
	Eye contact:	Rinse thoroughly with plenty of water for 10 to 15 minutes, also under the eyelids. Obtain medical attention if irritation persists.
	Skin Contact:	Wash off skin thoroughly with soap and plenty of water. Obtain medical attention if irritation persists.
	Ingestion:	Rinse mouth out with plenty of water. Obtain medical attention if symptoms occur.
	Inhalation:	Move person to fresh air. Obtain medical attention immediately if symptoms occur.

4.2 Most important symptoms and effects, both acute and delayed

No information available.

4.3 Indicate any immediate medical attention and special treatment needed

No information available.

5. Fire fighting measures

5.1 Extinguishing medium

Suitable extinguishing media: Use water spray, CO₂, foam or dry powder as the extinguisher medium.

Extinguishing media which must not be used for safety reasons: No information available

5.2 Special hazards arising from the substance or mixture

Combustible material. Thermal decomposition may lead to release of irritating gases and vapours.

5.3 Advice for firefighters

Wear suitable self contained breathing apparatus for fire fighting if necessary.

5.4 Additional information

No data available.

In accordance with Regulation (EC) No 2020/878 Revision date: 23/09/2022 Version number: 05

6.1 Personal precautions, protective equipment and emergency procedures

Ensure adequate ventilation. Wear appropriate protective equipment. Avoid dust formation.

Accidental release measures

6.2 Environmental precautions

Should not be released into the environment.

6.

6.3 Methods and materials for containment and cleaning up

Sweep up or vacuum up spillage in suitable container for disposal. Avoid dust formation.

6.4 Further information

No data available.

7. Handling and storage

7.1 Precautions for safe handing

Avoid contact with eyes, skin and clothing. Avoid ingestion and inhalation. Avoid dust formation.

7.2 Conditions for safe storage, including any incompatabilities

Store at 0 to 25°C. Keep tightly closed in the container provided. Protect from direct sunlight and moisture.

7.3 Specific end use(s)

This product is for laboratory use only and should only be used by suitably trained laboratory personnel.

8. Exposure controls and personal protection

8.1 Control parameters

Components with workspace control parameters: Contains no substance with occupational exposure limits.

8.2 Exposure controls

Engineering controls:	No engineering protection required.	
Personal protective measures:	Body protection:	Wear standard microbiology laboratory coat.
	Eye/face protection:	Safety glasses with side shields conforming to EN 166.
	Skin and hand protection:	Handle with suitable gloves conforming to EN 374.
	Respiratory protection:	Wear a face mask to EN149 FFP2S or use a ventilated extraction weighing cabinet.
General hygiene measures:	Handle in accordance with Wash hands before breaks	good laboratory practice. and at the end of the working day.

In accordance with Regulation (EC) No 2020/878 Revision date: 23/09/2022 Version number: 05

9. Physical and Chemical properties

9.1 Information on basic physical and chemical properties

Physical state:	Dehydrated powder.
Colour:	Straw colour
Odour:	Mild meaty smell.
Melting point/freezing point:	No data available.
Initial boiling point/range:	No data available.
Flammability:	No data available.
Lower and upper explosion limit:	No data available.
Flash point:	No data available.
Auto-ignition temperature:	No data available.
Decomposition temperature:	No data available.
pH	No data available.
Kinetic viscosity:	No data available.
Solubility in water/other solvents:	Soluble in hot water.
Partition coefficient (n-octanol/water):	No data available.
Vapour pressure:	No data available.
Density/Relative density:	No data available.
Relative vapour density:	No data available.
Decomposition temperature	No data available.
Particle characteristics:	No data available.

9.2 Other information

No data available.

10. Stability and reactivity

10.1 Reactivity

No known on information available.

10.2 Chemical stability

Stable under normal conditions.

10.3 Possibility of hazardous reactions

No data available.

10.4 Conditions to avoid

Hygroscopic. Avoid exposure to sunlight.

10.5 Incompatible materials

None known.

10.6 Hazardous decomposition products

None under normal use conditions.

11. Toxicological information

In accordance with Regulation (EC) No 2020/878 Revision date: 23/09/2022 Version number: 05

11.1 Information on toxicological effects

Overall product information: This product does not present an acute toxicity based on known or supplied information.

No data available.	Acute toxicity:
No data available.	Skin corrosion/irritation:
No data available.	Serious eye damage/ eye irritation:
No data available.	Respiratory or skin sensitisation:
No data available.	Germ cell mutagenicity:
No data available.	Carcinogenicity:
No data available.	Reproductive toxicity:
No data available.	Specific target organ toxicity – single exposure:
No data available.	Specific target organ toxicity - repeated exposure:
No data available.	Aspiration hazard:
No data available.	Potential health effects:

11.2 Toxicological data for the components

Assess endocrine disrupting properties for human health. This product does not contain any known or suspected endocrine disruptors.

12. Ecological information

12.1 Toxicity

This product is not hazardous to the environment or that are not degradable in waste water treatment plants.

12.2 Persistence and degradability

Expected to be biodegradable.

12.3 Bioaccumulative potential

No data available.

12.4 Mobility in soil

No data available.

12.5 Results of PBT and vPvB assessment

None known.

12.6 Endocrine disrupting properties: requiring you to give product information on adverse effects on the environment caused by endocrine-disrupting properties

This product does not contain any known or suspected endocrine disruptors.

12.7 Other adverse effects

No data available

13. Disposal considerations

Disposal considerations:

Dispose of in accordance with local and national regulations.

Dispose of all used contaminated waste, e.g. used plates, according to local microbiological rules.

In accordance with Regulation (EC) No 2020/878 Revision date: 23/09/2022 Version number: 05

14. Transport information 14.1 UN Number ADR/RID: IMDG: IATA: Not dangerous for shipping 14.2 UN proper shipping name ADR/RID: IMDG: IATA: Not dangerous for shipping 14.3 Transport hazard class(es) ADR/RID: IMDG: IATA: Not dangerous for shipping 14.4 Packaging group ADR/RID: IMDG: IATA: Not dangerous for shipping 14.5 Environmental hazards ADR/RID: IMDG: IATA: None known. 14.6 Special precautions for user No data available 14.7 Maritime transport in bulk according to IMO instruments No data available

15. Regulatory information

15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

No data available.

15.2 Chemical safety assessment

Chemical safety assessment reports are not required for mixtures/IVD products.

16. Other information

Original origination date: 02/08/1998

Reason for change to document: Updated in accordance with Regulation (EC) No 2020/878

The above information is believed to be correct but does not purport to be all inclusive and shall be used as a guide only. The information in this document is based on the present state of our knowledge and is applicable to the product with regard to appropriate safety precautions. It does not represent any guarantee of the properties of the product and is designed only as a guide for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered a warranty or quality specification. Mast Group Ltd. shall not be held liable for any damage resulting from handling or from contact with the above product. See our website at www.mast.grp.com and/or the reverse side of our invoice for additional terms and conditions of sale.
